**WINEMAKER'S NOTES** *Inspired by our Winemaking Team and crafted exclusively for our Stained Tooth Society members, the Barrel Thief Series is all about the thrill of discovery. The barrel thief is a tool used in the cellar by winemakers to sample barrels, and each year our winemakers select a few barrels to “thief” something fun, exciting and unexpected. This is our Barrel Thief Series - wines crafted and bottled as unique offerings that may never be repeated again.*

*As it turns out, this is the littlest BIG wine we could make. Embrace this ‘itty bitty’ delight paired with grilled meats or enjoy it on its own for a mouthful of pure deliciousness.*
